No 164

INCREASED SALARIES

TO CANADA'S LEGISLATORS

Sessional Indemnity Raised to \$2500—
Increased Salaries for Ministers
and Leader of the Opposition—
Pensions for Ex-Ministers

Ottawa, July 17.—There was no strike in the proceedings of the House of Commons today. Resolutions were passed raising the Premier's salary from \$8,000 to \$12,000, giving a sessional allowance of \$7,000 to the leader of the Opposition in addition to his sessional indemnity, increasing the sessional indemnity of members of Parliament and Senators to \$2,500, mileage allowance being taken away and actual travelling expenses substituted and annuities provided for ex-Ministers of the Crown who have served five years as the head of a department. The bills were introduced upon them without any opposition. Ex-Ministers will get half the regular salary. Those who will get this at present will be Sir Charles Tupper, Sir Hilbert Tupper, Langevin, Borden, Carson, Carling, Tarte, Blair, Sifton, Costigan, Haggart and Foster.

BILLS PASSED COMMITTEE

Ottawa, July 17.—Both Autonomy Bills were passed through committee in the Senate without any arguments, although several amendments were offered. They stand for third reading.

PUBLIC HOSPITAL NOTES

The hospital is to be painted at once. A new building, 14x21 has been constructed in a nice grove about one hundred feet to the north-west of the main building, for sleeping accommodation for the staff during the summer months. It will be lighted by electricity and will be connected with the main building by an electric bell.

Miss Overhill who has been matron for over three years has sent in her resignation and Miss Ida B. Bingham, B.A., a graduate of the Toronto General Hospital has been selected to fill the position. She comes very highly recommended and will take charge August 1st. Miss Whyte a graduate of the Brandon hospital joined the staff July 1st, and Miss Smith, a graduate of the same institution will be on hand August 1. Both these ladies have very strong recommendations as to their efficiency as nurses.

At the meeting of the board of management held last evening the secretary was instructed to gather all the information possible re plans &c., for the new hospital building, to be laid before the board at the next monthly meeting. Some new features in hospital work will in all probability be carried on in the new building and the fact will be kept in view in the preparation of plans. The board are determined that the new building will be the most complete and modern in every particular for its size to be found anywhere in Canada.

MOVING PICTURE SHOW

A very good audience greeted the Peerless Entertainment Co. at the rink last evening. The entertainment was rather a disappointment, and many people felt it was over.

Miss Webster sang a few selections in her usual attractive manner and was well received and appreciated by the audience. The rest of the affair was simply a moving picture show and nothing out of ordinary at that.

DIED OF INJURIES

IN THE GENERAL HOSPITAL

Mr. Chas. Sandison, who was Injured
At His Brick Yard Yesterday
Passed Away This Afternoon

As a result of the injuries received at his brick yard yesterday Mr. Charles Sandison died this afternoon in the general hospital, at 1.45. He was much weaker this morning, and after a consultation, Drs. McInnes and Braithwaite held out no hope of recovery. He never rallied from the shock which paralyzed his body and gradually sank until he passed away. Deceased leaves a widow and five children.

He was born in Scotland in the year 1851, and came to Manitoba in 1876. In 1880 he moved to Edmonton where he has spent the last twenty-five years of his life. He farmed for a while and then engaged in the butcher business. Later he erected a number of buildings and two years ago he started the brick yard in which he met his death. Mr. Sandison was one of the "old timers" in the town and will be much missed by a large number of friends who sympathize with the family in their shocking bereavement.

THE LUMBER SITUATION

The following despatch appearing in the Calgary Herald is not without interest:

"Vancouver, July 14.—The presence in British Columbia of numerous representatives of American lumber manufacturers lends color to an announcement which comes from Washington, D. C., Minneapolis, St. Paul and a dozen other points in the United States that the United States Government intends shortly to remove the duty on lumber entering that country.

The representatives of many important American lumber companies recently journeyed into British Columbia in such numbers as to attract general attention. They went about quietly, but the many enquiries they made regarding timber limits aroused a great deal of speculation as to the cause of their visit.

It is now believed here that many of the wealthy lumbermen of the Eastern and Middle States have received inside information that it is the intention of the United States government to place lumber on the free list at an early date, and they are preparing to take advantage of their opportunity.

It is a known fact that in recent months the United States government has addressed many of the large users of lumber in the Eastern and Middle States with a view to ascertaining their opinion on the advisability of admitting lumber free. The supply of timber in the states is decreasing at an alarming rate every year.

It may be merely a coincidence, but it is looked upon as very significant in view of the circumstances, that closely following this general inquiry by the United States government, many American lumbermen dispatched representatives to British Columbia to look over the lumber possibilities of this region.

The lumber men have come to British Columbia, many of them are here at the present time and while no large purchases of timber limits have been reported, it is stated that many options on choice locations have been secured. In the event of free lumber being admitted into the United States states or loss would be closed without delay.

The admission of lumber free to the United States would mean a long period of wonderful prosperity to the whole coast of British Columbia as well as to the interior. As the cheapest timber in the provinces lies along the coast so much more would the coast benefit as compared with the interior, where timber is of poorer quality.

Vancouver is the centre of the lumbering industry on this coast, all the logging centres are tributary to it, and if lumber is to be admitted free into the United States, the mills already established here would find themselves in possession of a market of far greater size than they at present possess.

Apart from the vast trade which would be thrown open to the mills already on the ground, the changed conditions would result in the establishment of many more sawmills in this city."

It is less than a year since the B. C. lumbermen, through the Opposition press and candidates were pleading with the electors for protection from the invasion of American lumbermen into the market of the Northwest. The immense lumber supplies of the Pacific States and the complete and extensive mills which had been erected there were duly described singly and collectively, generally and in detail to convince us that the natural resources of those States, allied with the capital and enterprise of the manufacturers, made it possible to produce lumber in Washington and Oregon cheaper than in British Columbia.

Not only so, but we were told the American markets were swamped by the surplus product of these mills and that the mill-owners to prevent the disturbance of their home market, were "slaughtering" immense quantities of lumber in the Canadian Northwest. The only protection

from an invasion which would ruin the B. C. mills and leave the Northwest farmers at the mercy of the "American combine" we were assured lay in an "adequate" tariff against American lumber. That this campaign was inspired by any sordid considerations of prospective gain was stoutly denied both by the B. C. lumbermen and their advocates. These gentlemen, we were told, did not wish to raise the price of lumber to the Canadian consumer, would even guarantee not to raise it. Their sole desire was to "secure the Canadian market to the Canadian manufacturer." From the latest story it appears that last year's campaign was all a great mistake. The American timber supply, it now seems, is decreasing at an alarming rate, the American markets are so far from being "swamped" that it is necessary to allow free importation of lumber to meet the demands and in the provision of this supply is great prospective gain for the B. C. lumbermen.

If this latest story be true, the prayers of the B. C. men are abundantly answered and no further complaints should be heard from them. It does not, however, evidence reliability on behalf of either the lumbermen or their spokesmen that while these conditions were forming in the American market, they avowed in support of their demands for higher tariff the existence of exactly the reverse conditions.

Medicine Hat People Confident

The Medicine Hat News says: Express No. 96 was three hours late on Friday night, but notwithstanding this fact a big crowd had waited for the train which was bringing home the Ottawa deputation. The band was also there and made things lively when the delegates stepped out on the platform. The mayor announced that assurances had been received from the Minister of Militia that the headquarters of the Strathcona Horse would be located at Medicine Hat, which called for hearty cheers.

The deputation, which was composed of Mayor Forster and ex-Mayor Hutchinson, was away since June 14. They reached Ottawa on the 20th and were at once taken in hand by Mr. Walter Scott, M.P., who arranged for their interviews with the ministers and otherwise accounted for much of the success that attended the undertaking. Hon. Mr. Hyman was the first minister seen. He holds the Public Works portfolio and was interviewed in reference to the Post Office, the delegates representing the urgent need of a new building and the apparent neglect on the part of the government to complete the arrangements for its erection. The assurance was given by Mr. Hyman that as soon as the plans could be prepared the contract would be let for erecting the building and the site would be purchased immediately.

The next day the deputation interviewed Sir Frederick Borden, Minister of Militia, and several members of the Military Council in connection with securing the headquarters station of the Strathcona Horse at Medicine Hat. Particular stress had been laid on the excellence of the rifle range and the fact that Col. Evans had referred to it as the best in the Dominion. The mildness of the climate was also another subject brought to the attention of the Minister and his associates. Quite a number of views of the proposed site for the headquarters of the Police Point were exhibited by the delegates and were retained by the Minister, who promised to give Medicine Hat claims every consideration before making a decision.

Both Sir Wilfrid Laurier and Hon. Frank Oliver were also seen and although the particular matters in connection with which the delegates went to Ottawa did not concern the departments in which these two gentlemen are especially interested, yet their sympathies were enlisted, and they volunteered their assistance in every way in which they could be of use. Hon. Sydney Fisher, Minister of Agriculture, was then interviewed in regard to the proposed establishment of an experimental farm at Medicine Hat. The deputation learned from him that no more large farms of this nature would be operated by the Government, the plan being followed instead to establish small experimental stations at different points through the country. The Minister asked that information concerning the climate be forwarded to him, when the matter would be considered of having these stations placed at Medicine Hat.

IMPORTANT MEETING

EXEMPTION BY-LAW PASSED

The Dairy Men Object to By-Law—
Three Months to Fix Stables—In-
auguration Ceremonies to be Ar-
ranged

With the same members present as on Friday evening the city council, at its adjourned meeting last evening, passed the exemption by-law of the milking company.

INAUGURAL CELEBRATION.

The meeting was called to order with the mayor and Aldermen Clark, May, Fraser, Picard, and Bellamy present. The first question that engaged their attention was that of an appropriate celebration of the inauguration of the new province. The general opinion expressed was that the matter should be taken up with a will and no effort spared to make it a success. It was moved by Alderman May and Clark, that the celebration be held on September 1 and that the Governor-General and Sir Wilfrid Laurier be invited to attend. Carried.

It was moved by Aldermen Clark and Fraser that the board of trade receive the thanks of this council for taking this matter up and that the board be informed that this council will appoint a committee to co-operate with the board of trade in this important matter. Carried.

It was moved by Alderman Bellamy and seconded by Alderman Clark that Alderman May, Clark, Picard and the mayor be a committee to meet the committee of the board of trade to make arrangements for the demonstration. Carried.

CONTINUOUS OPERATION.

Alderman Bellamy expressed the opinion that considerable electric energy would be consumed if the plant was operated right on from noon instead of being shut down from 6 p.m. until dark enough for light to be required. The mayor said that upon investigation it was shown that the cost of continuous operation was not appreciably greater when the plant was run continuously than when shut down for a couple of hours and started up again.

COMMITTEES AND COMMISSIONERS.

Alderman Bellamy then entered a complaint that the work of committees in the council was practically taken over by the commissioners. The result was that the chairman of the committee and its members would be held responsible by the ratepayers for the work done without the support of the council. He moved that the committee be dissolved. Alderman Picard seconded the motion. He was the member of several committees and wished to have no voice in the work that should be under his charge.

Alderman Clark was not in favor of abandoning the committees. They had not much work to do just now but matters had been referred to the committee at times and would probably be again. The mayor said if matters were not referred to the committees it must be the fault of the council as such reference was in the hands of the council. If work were referred to the commissioners it was done by the council. Alderman Clark thought that this matter should be brought up in a full council. Alderman May thought the commissioners should take the chairman of committees more into their confidence on matters affecting the work which he supposed to be under the charge of that committee. Alderman Bellamy and Picard agreed to drop the question in the meantime to be brought up when a larger meeting of council would be present and the members would have some further time to consider the matter.

BUILDING ENCLOSURES.

A petition was read from twenty-five business men on the north side of Jasper avenue asking for the removal of the enclosures in front of the new buildings being erected by the Merchants' Bank and McDougall & Secord. The petition complained that these enclosures would be a serious hindrance to business on this side of the street. Alderman Fraser said it would be difficult to get buildings up with regulations like that. Alderman Bellamy said something should be done as this was a serious matter. Alderman Clark said that the contractors had permits in these two cases, but he would move that in future no such permit be issued and that notice be published in the newspapers so contractors in future would know what they would be required to

do and could figure on it. He then withdrew his motion and moved that the matter be referred to the streets and parks committee. Alderman May explained that in the case of the Bank, some blocks were going in to the building weighing over a ton. This had to be handled very carefully and had to be cut very near to the place where they were to be used and it would be unsafe to swing them over the sidewalk with people passing under. Alderman Picard said it would be unfair to demand any immediate change as these contracts were let with no such consideration figured on by the contractor. He had suffered some inconvenience by the erection of buildings but it had to be done in every city. Larger cities than this did not demand such regulations as this petition asked. Alderman Bellamy said some redress was due these business men if it was possible to do it. Alderman May said as soon as the building was up the sidewalk should be cleared, but until then it was dangerous. Alderman Fraser seconded the motion of Alderman Clark to refer the matter to the streets and parks committee, and the motion carried.

The question of the Alberta Milling Company's tax exemption then came up. Alderman Clark asked that the minutes be read of the meeting at which the city council agreed to submit the exemption by-law to the ratepayers and if that agreement was ratified by the council, then he was prepared to vote for the third reading of the by-law that the agreement made by the council to submit the by-law might be carried out.

The minutes were read and showed that with all the Aldermen present the committee of the whole reported favorably upon the draft agreement between the Alberta Milling Co. and the city as amended, was satisfactory and the council agreed to the draft agreement as amended.

Alderman Picard said he would offer no further objection to allowing the by-law to be submitted to the ratepayers.

It was moved by Alderman Picard and May that the third reading of By-Law Number 26 be re-considered. Carried.

It was moved by Alderman May and Fraser that by-law Number 26 be given its third reading. The motion was carried. Alderman May, Fraser and Picard voted favorably. Alderman Clark and Bellamy opposing. The by-law was then provisionally passed on the same division.

Alderman Picard explained that he was simply supporting the motion to have the by-law submitted to carry out the agreement of the council, though he was opposed to the by-law itself and the exemption it was granting. He would vote against the carrying of the by-law.

INCREASED THE AMOUNT.

Secretary Kinnaird suggested that the amount of the by-law providing for addition to the fire-fighting apparatus and enlarging the fire hall should be increased from \$5,500 to \$6,500. Alderman Clark moved and Ald. May seconded a motion to increase the amount as suggested. The motion was passed by unanimous vote.

DAIRY BY-LAW.

Mr. B. I. Bishop addressed the council on behalf of several milkmen of the city complaining that the dairy by-law was not quite fair in some particulars. His objections were:

1. Longer time should be given to put stables in a sanitary condition as it would require considerable work and expense.
2. Metal milk checks were too expensive and should not be demanded.
3. In the testing of milk no definite standard was fixed. Some percentage of butter fat as required should be agreed upon.
4. The tax of \$1 per cow was too heavy on dealers with 80 or 90 cows. The tax, like that of real estate dealers should be a fixed sum.

On motion of Ald. Clark and May the council unanimously granted three months to dealers to get their stables in shape, it being pointed out that the cows were on grass now and this would simply mean that the stables must be in a sanitary condition when the cows went in next fall.

The council could see no reason for making any other change. The tax was the most important one asked for and the council contended it was fair. The man who had \$5,000 in property paid five times as much as the man with \$1,000 so the man with twenty-five cows should pay five times as much as the man with only 5. In the testing of milk it was purely more than richness the council aimed at, but it was suggested that the test of butter fat might be published occasionally for the general information of the public.

WATERWORKS EXTENSION.

A report of the commissioners was then presented to the effect that to carry the duplicate water main from the power house to the tank would necessitate the purchase of 4,200 feet of twelve inch water pipe, and to carry out extensions ordered would require the purchase of 15,000 feet of six inch water pipe, the total cost would be about \$23,000. On motion of Ald. Clark and May the report was unanimously adopted and the commissioners instructed to call for tenders if deemed advisable, and to purchase the pipe required at the lowest possible figure.

THE NEWS OF THE DAY

IN CONDENSED DESPATCHES

Brief Items from many sources tell the story of the day's events.

BALL GAMES

Winnipeg, July 18.—Pargo 2, Winnipeg 1; Grand Forks 9 Winnipeg 2; Duluth 8, Superior 6.

DROWNED AT WINNIPEG

Winnipeg, July 18.—Cain MacDonaid aged 11 years was drowned at Louise Bridge bathing station in the presence of a multitude of bathers. The real cause of the fatality is said to be the utter inefficiency of the safe guard and life saving apparatus supposed to be supplied by the city.

CANADIANS SHOOT WELL

Winnipeg, July 18.—The Canadians again did some great shooting yesterday. The matches were the "Alexandra" and "Prince of Wales" in the latter Staff Sergt. Crowe of Guelph made 48 at each range and tied with eight others for first place. The tie will be shot off Wednesday at 600 yards. Last year there was also a tie for first place, two men making 97 points each. King Edward will inspect the Colonials Saturday.

DEATH RATE KEEPS UP

Montreal, July 18.—The number of infants who perished in Montreal last week, victims of heat, bad food, bad ventilation, bad milk, and unhygienic surroundings afford figures disappointing to those who hoped for better things from the efforts of the city and the pure milk League to furnish pasteurized milk to the poor.

LAWYER SUICIDES

Monaco, July 18.—Daniel Sheppard a barrister committed suicide by carbolic acid. Deceased was under surveillance at his home charged with some serious offence. He escaped the vigilance of those watching him and going into his sister's room found some carbolic acid which he drank. Deceased was aged 52 years and had been prominent in public affairs. Mayer Sheppard is a brother of deceased.

LUNATIC CHOKED TO DEATH

Montreal, July 18.—Louise Lamarr, an inmate of the St. Jean Dieu lunatic asylum was choked to death by a pillow. Lamarr having assaulted one of the guards two other patients came to the latter's assistance, but in handling the assailant one of them displayed so much energy that he choked Lamarr to death.

POTTER & McDOUGALL

The selection of tobacco takes time and great care—the conditions of its growth, the soil, the planting, and the cultivation, must all be considered.

I have studied tobacco from the seed to the cigar. I have a thorough knowledge of the qualities grown on the different plantations in the Manicouaga district of Cuba, where the best tobacco are produced. It is from the best of these plantations that I buy the filler of my

Pharaoh Cigar.

I was the first manufacturer in Canada to use Manicouaga tobacco. It proved such a winner that the tobacco agents in New York sell thousands of boxes of tobacco under that name that was never within one hundred miles of the district.

I visit these plantations every season, and personally select the tobacco I buy. The growers there call me a tobacco crank because I am so careful and thus jeopardize the quality of my tobacco. I would rather be thought a crank

I know that every time you smoke a Pharaoh cigar you will thank me for being a tobacco crank—that is full recompense for my trouble and care.

None genuine unless branded "Pharaoh"

—and—

20 per cent. on Ready-made Clothing

And have also many bargains to offer in odd lines.

LARUE & PICARD

ANOTHER WONDERFUL CASE.

Here is something that will be welcome news to many a discouraged one.

"For several years I have been troubled with gas around my heart, shortness of breath, in fact, if I walked my usual gait my heart would get so short I would be compelled to make several stops during my walk."

"Of late my food did not digest properly. It turned sour in my stomach, causing me great distress; often, too, I had disagreeable attacks of belching gas and heartburn. I was bothered with severe pains across the small of my back and the least bending or turning would cause me to almost cry out."

"I was induced to try Dr. Leonard's Anti-Pill and from the very first found relief."

"For the last three months I have had no recurrence of my former complaints, so I am bound to say Anti-Pill has indeed cured me."

This is the voluntary statement of Wm. H. Reed, of 165 Queen St., Kingston, Ont.

All Druggists sell Anti-Pill. The Wilson-Fyle Co., Limited, Niagara Falls, Ont.

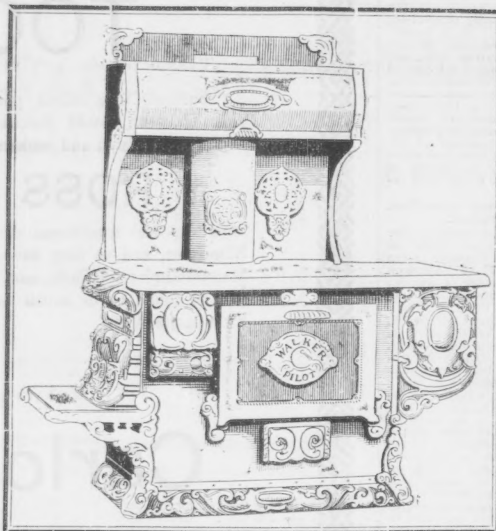

The remedy that cured such an extreme case is surely worth trying.

Store closes 6 o'clock. Saturday, 10 o'clock. Free Delivery to all parts of the City.

G. T. P. Construction Begins Soon

Winnipeg Free Press: Construction on the western section of the Grand Trunk Pacific is proceeding immediately. Tenders for the work are to be called for this month. The line has been located from Winnipeg westward to its intersection with the Regina and Prince Albert branch of the C. P. R. and, provisionally at least, for a greater part of the distance between that point and Edmonton.

These statements have been made in the Free Press on reliable authority, but the local officials of the Grand Trunk Pacific are reticent, and decline to either confirm or deny their truth. Enquiry at the Winnipeg offices of the new transcontinental road, however, elicited the admission that the immediate calling of tenders for construction was certain, and that, if they were not called for in July, as the Free Press is informed, they would certainly be early in August.

It was also admitted by the officials in charge that everything is ready for the calling of tenders for the division between Winnipeg and the Prince Albert branch intersection. Mr. Kallier, who has hitherto been in charge of the Winnipeg office, but who has recently been promoted to the position of chief engineer, left on Saturday for Montreal taking with him all the data necessary to submit to tendering contractors. All that had to be done, the Free Press was informed, was to divide up the line into subdivisions for the sub-contractors and this will be done immediately on his arrival at Montreal.

Coincident with this construction to the west, the Grand Trunk Pacific company will start work at Kasabeka, on the Lake Superior branch. Contracts have already been made with the C. P. R. and C. N. R. for the carriage of supplies and material for the new road.

To Ladies and Mothers

Mrs. Astley will open in the Desjardins Block opposite the H. B. Co.'s store on Saturday July 15th. Orders for bridal outfits, housekeepers outfits and every description of plain sewing will be taken and promptly executed on the premises, after July 15th, opening day.

The Balance Wheel

Look inside your watch a moment. The balance wheel is making 18,000 vibrations an hour; if it is in good condition, it will move 3,536 miles in a year and requires less than one tenth of a drop of oil to make it run. But, it needs that little body. Don't take chances. Let me clean and oil and put your watch in order for a year. It will pay you and satisfy you.

The Cream Separator that is the Cheapest in the End.

There are some folks who are everlastingly trying to get "something for nothing." They buy a wagon at a "bargain" price because the agent says it's "just as good." And then, after a few months, when the tires and spokes have all loosened up, they cuss the wagon.

Price not the only Difference.

It's the same way with cream separators. You can buy many other separators for less money than the U. S. Cream Separator sells for, but before you've finished paying for the experiment you'll find price isn't the only difference. The cheaper separators soon get out of adjustment because built of cheaper material by inferior manufacturing methods; they consume twice the necessary amount of oil; they have a bowl that will not run true, and does not skim clean. The repairs in the first few years would pay the difference for the U. S. Cream Separator.

Durability is important.

The U. S. Cream Separator has stood the test of time. Many of them have been in use for 10 years, and cost less than a dollar for repairs. They run easy, skim cleaner than others, have a simple bowl, enclosed gears, and a convenient low supply can.

The Vermont Farm Machine Co., of Bellows Falls, Vt., have printed in a handsome booklet a few of the thousands of letters from satisfied users of the U. S. Cream Separator. This booklet will save you money when you buy a separator, and a post card will bring it to you.

To insure prompt deliveries and to save freight charges for their Canadian customers, they ship from their warehouses at Montreal, Sherbrooke, Hamilton, Winnipeg, Calgary and Vancouver, but all letters should be addressed to Bellows Falls, Vt.

MADE BY HAND

I HAVE each Pharaoh cigar rolled by hand! I do this in order that the leaves that go into the filler may be properly placed, with the top towards the burning end of the cigar.

It also enables the packing of the filler to be properly done—you will find my Pharaoh will smoke easily and evenly from end to end!

I see that the materials are of the highest grade as well.

Cuban tobacco I myself select from the Manicure district, in the Province of Santa Clara, is the filler—the most expensive Connecticut Broadleaf is the binder, and a clear, beautiful Sumatra I import from Holland is the wrapper.

My Pharaoh makes a mighty good smoke for the money.

J. J. Jones, Limited
GRANBY, P.Q.

None genuine unless branded PHA-RO

LOCALS

—At Thosore, while at work in a 64-foot well on Wednesday morning, Peter Anderson, late of Minnesota, was overcome by gas. Heroic efforts to rescue him alive were made by Harold Kampden and Erasmus Jansen, the former narrowly escaping a similar fate, but without success. Deceased leaves a widow and a five year old daughter.

—Next month the C. P. R. hopes to bring the editors of all the principal agricultural journals in the United States on a trip through the West. The papers which will be represented circulate among 11,000,000 farmers. Two years ago the company gave an excursion to a party of agricultural editors, which included such men as Shaw, Kennedy, Wallace of the "Orange Juice Farmer" and many others, and with the best possible results. The editors wrote in most enthusiastic and flattering terms of the country, the articles appearing at intervals for eighteen months after their visit. This year the trip will be more extended and the party more numerous, and the results are likely to be even more beneficial. The party will go as far west as Vancouver Island.

—Alberta: Hon. F. W. G. Haultain, premier of the Territories, came up from Montreal on the south train yesterday and is staying at the Alberta hotel. During the day he met a number of personal and political friends. He stated to the Albertan that there was no political significance attached to his visit at this time. Mr. Haultain said he could not announce yet with which of the new provinces he would cast his lot, but added that business considerations would determine his ultimate decision. The premier was quite emphatic in stating that in the approaching elections he would offer himself as a strictly non-partisan candidate. In speaking of this, Mr. Haultain said there was a misrepresentation of his attitude at the famous Moose Jaw convention. He did not at that time bind himself to party lines and thought the new provinces could best be served by a non-partisan government.

BY-LAW No. 25

A By-law to provide for raising the sum of \$2,500.00 to pay for lands taken by the City from the Alberta College for Road Purposes.

WHEREAS under Title XXII of the City Charter the Municipal Council may make by-laws for the peace, order, good government and welfare of the City of Edmonton:

AND WHEREAS every by-law for acquiring, building, carrying on, constructing, improving, leasing, extending, maintaining, managing or operating and acquiring sufficient land for the convenient carrying on of amongst other things, Roads shall before the final passing thereof receive the assent of a majority of the burgesses voting thereon in accordance with the provisions of Title XXIV:

AND WHEREAS the City has expropriated to its own use as a road certain lands owned by the Alberta College, known as Ross' Grade, and also other roads and has done considerable grading thereon:

AND WHEREAS the Council has provisionally agreed with the Alberta College to pay them the sum of \$2,500.00 for the said lands so taken:

AND WHEREAS it is expedient to enable the Municipal Council to raise by the issue of debentures a sum not exceeding \$2,500.00 to be expended as aforesaid:

AND WHEREAS it is expedient that the said sum of \$2,500.00 should be borrowed by means of the issue of debentures of the City for that amount, and that the said sum should be payable during the period of ten years from the date of the debentures to be issued therefor, and should bear interest at a rate not exceeding five per cent per annum, and should as the Council shall deem expedient, be repayable either (1) in such manner that each instalment of principal and interest shall be equal in each year of the said period of ten years, or (2) in such manner that the principal shall be paid at the end of the said period of ten years (an equal annual sum by way of sinking fund being raised annually during the said period sufficient to meet the principal at maturity) and the interest thereon annually or semi-annually:

AND WHEREAS the amount of the whole rateable property in the City according to the last revised Assessment Roll is \$4,559,618.00:

AND WHEREAS the total amount of the existing debenture debt of the City, exclusive of local improvement debts secured by special assessments is \$616,928.00, of which no part is in arrears:

NOW THEREFORE the Council of the City of Edmonton, duly assembled, enacts as follows:

1 The Mayor and Secretary-Treasurer of the City of Edmonton are hereby authorized and empowered to borrow for the purposes aforesaid, in the name and on behalf of the City, a sum or sums not exceeding in the aggregate the sum of \$2,500.00, and to issue one or more debentures of the City for such sum or sums so borrowed.

2 The said indebtedness shall be paid, and the said debentures shall be made payable, during a period of ten years from the date of the issue of such debenture or debentures and shall bear interest at a rate not exceeding five per cent per annum, and shall, as the Council shall deem expedient, be repayable either (1) in such manner that each instalment of principal and interest shall be equal in each year of the said period of ten years or (2) in such manner that the principal shall be paid at the end of the said period of ten years (an equal annual sum by way of sinking fund being raised annually during the said period sufficient to meet the principal at maturity) and the interest thereon annually or semi-annually.

3 During the currency of the said indebtedness there shall be raised annually by special general rate on all the rateable property in the city at the same time and in the same manner as the ordinary general City taxes, a sufficient sum to meet the amount of the annual instalment of principal and interest or the amount of the equal annual sinking fund and interest as the case may be, payable in each year in respect of the said indebtedness.

4 This By-Law shall take effect on the final passing thereof.

5 The votes of the Burgesses for and against this By-Law shall be taken at the Council Chamber in the City Hall in the City of Edmonton on Monday, the 14th day of August, 1905, between the hours of 9 a.m. and 5 p.m.

6 George Johnston Kinnaird, Secretary-Treasurer of the City, is hereby appointed Returning Officer, and Kenneth Collins, Deputy Returning Officer, to take the votes at the time and place aforesaid.

7 The said Council Chamber at the hour of 11 a.m. of Saturday, the 12th day of August, 1905, is hereby fixed as the time when and place where, the Mayor will be present, and will make all such proper appointments as he may be requested to make of persons to attend at the polling place and at the final summing up of the votes by the said Secretary-Treasurer on behalf of the persons interested in promoting or opposing the passing of the By-Law.

8 The said Council Chamber at the hour of 5.30 p.m. of the said 14th day of August, 1905, is hereby fixed as the place and time where and when the Secretary-Treasurer shall sum up the number of votes given for and against this By-Law.

PASSED PROVISIONALLY in Council this 14th day of July, A.D. 1905.

K. W. MacKENZIE,

Mayor,

GEO. J. KINNAIRD,

Secretary-Treasurer.

PUBLIC NOTICE IS HEREBY GIVEN that the above is a true copy of a proposed by-law which has been introduced and which may be finally passed by the council (in the event of the assent of the Burgesses being obtained thereon) after one month from the 18th day of July, 1905, being the date of the first publication of the said proposed By-Law in the Edmonton Bulletin, a newspaper published in the City of Edmonton, and that the votes of the burgesses shall be taken upon the said proposed By-Law on Monday, the 14th day of August, 1905, between the hours of 9 a.m. and 5 p.m. at the Council Chamber, Edmonton.

GEO. J. KINNAIRD,

Secretary-Treasurer.

dy July 18th 25-Aug 1.

HARVEST TOOLS

Farmers who intend purchasing tools for taking off their Harvest should purchase now, and not wait until stocks are depleted and broken.

ROSS BROS.

have the best assortment of these Goods to be found in Edmonton, and as they have been bought direct from the Manufacturers for Cash, and in large quantities, the prices will be found to be much lower than those of any other Firm in the West.

We have received a

Carload of Rope

bought direct from the Makers, both in Sisal and Pure Manila, all sizes. It is of an exceptionally good quality, and the prices are as low, or lower than you can get elsewhere, and you will have no difficulty in getting any size or length you want.

In Threshers Supplies

We have everything you need. Steam Fittings in both brass and iron, Lubricators, Injectors, Steam Gauges, Packing, Rubber and Leather Belting, Lacing Machine and Engine Oils, Thrashers' Hard Oil, in fact anything that may be needed to outfit your Machine.

Time is money, especially when you are in a hurry, and you should remember this when cutting. Do not run all over looking for what you want. Come direct to us, as we have the most complete and up-to-date stock of

Farmers' and Threshers' Supplies

in the West, and the prices are always the best going.

We consider it a pleasure to answer all enquiries both as to the goods and prices.

Ross Bros. Ltd.

CRICKET

Edmonton had things their own way in Strathcona last Saturday and won by an innings and 33 runs. This was at the first match for the Ochsner Cup. This competition should prove an impetus to cricket here, especially as each team plays three games with the other eleven competing.

Next Saturday the city XI will play against all comers and an interesting match is probable.

The weather added last Saturday to the enjoyment of the game which was contested with most sportsman-like spirit by both sides.

The full scores appear below. The bowling of the Hayes brothers speaks for itself. The umpires were Messrs. Lucas and Wade.

Strathcona, 1st innings—

Alberta's Splendid Crop Prospects

General Superintendent R. R. Jamieson of the C.P.R. has compiled the following information with reference to weather and crop conditions on the Western division during the week ending July 12th, which shows that the prospects are very bright indeed for a very large yield of all crops.

Crossfield—Showery, weather favorable, crops doing well, no damage reported.

Carstairs—6 hours rain, weather warm, crops doing well.

Didsbury, frequent showers, warm weather, crops growing rapidly.

Olds—Crop conditions exceedingly favorable, light hail, but no damage reported, burlier about fifty inches high, headed out; spring wheat and oats thirty inches high and heading out, prospects are that crop will be very large.

Bowden—Heavy showers, weather damp and cool, grain growing slowly, some headed out, no damage.

Imperial—12 hours rain, all crops looking first class, good prospects, no damage.

Penhold—District visited with a heavy hail storm, oats and barley damaged considerably, but cannot tell extent for a few days.

Red Deer—Heavy rains, good weather, western portions of district the crops damaged by hail apart from this crops looking splendid.

Blackfalds—Heavy showers, most favorable weather, excellent weather for crops, heavy yield predicted.

Lacombe—3 hours rain, crops in good condition heading out, slight damage by hail.

Ponoka—20 hours rain, crops looking fine, oats and barley heading out.

Wetaskiwin—Numerous showers, weather very warm, crops growing rapidly and looking well, no damage reported.

Leduc—Frequent showers, warm weather, crops growing rapidly barley heading out, average height of oats and wheat about two feet, no damage.

Strathcona—Several hours rain, no damage, crops looking fine.

Okotoks—Light rains, fall wheat 3 feet high, heading out, other grains 2 feet, all looking fine.

High River—No rains, dry and hot, fall wheat in head and well advanced, spring grain in good condition.

Nanton—3 hours rain, fine weather, all crops in good condition, no damage.

Staveland—Crops in best condition, past week has considerably increased the likelihood of harvesting fall wheat early in August.

CITY GOVERNMENT:—

Mayor, K. W. MacKenzie; Aldermen, C. May, K. A. McLeod, W. H. Clark, D. R. Fraser, J. K. Boyle, T. Bellamy, J. H. Fland, W. A. Griesbach.

Conveniences:—Waterworks, sewer system, telephone system, electric lighting system, all owned and operated by the city.

Board of Trade:—President, A. B. Campbell, Vice-President, A. T. Cushman, Secretary, F. T. Fisher.

Educational Institutions:—Public and separate schools, high school, Alberta College.

CHURCHES:—Roman Catholic, Anglican, Presbyterian, Methodist Baptist, German Baptist, Lutheran, Salvation Army.

TRAIN SERVICE:—Leaves for Strathcona 7.45 and 10.30. Arrives from Strathcona 9.15 and 10.50.

LOCAL

—The Frogs' play (proceeds in Strathcona) on Tuesday evening next. The game should be quite a battle.

—The Edward R. Salter Company present "Fable Romani" in Robertson Hall on Wednesday, July 26.

—The base ball game with Fort Saskatchewan, to have been played this evening, is called off on account of the inability of the Fort team to be present.

—McDonald Methodist Sunday School will picnic at "The Hermitage" some ten miles down the river, on Wednesday July 26th; going down by steamer in the early forenoon and returning shortly before dark.

—The Capitals play the Innisfail five ball team on the city hall grounds on Thursday evening at 7 p.m. The Innisfail team has recently been strengthened and a good game is promised.

—A meeting of the city council and board of trade is being held this afternoon to discuss the question of inauguration celebration. Both committees feel the importance of this matter and are in a mood to deal with it in a most thorough and practical manner.

—Mr. George Hutton proposes to erect a farmers' hotel at the corner of Rice and McDougall streets. The building will be an up-to-date and commodious one containing fifty bed rooms. The plans are being prepared by Johnstone and Barnes, architects.

—Mr. John Burkholder went up street this morning with an armful of grass. Enquiry elicited the fact that Mr. Burkholder has a single clover in his garden over three feet in length and he was taking a sample of it to a friend who was going to take it across the line to show our neighbors the grass we grow in Alberta.

—The labor organizations have made informal inquiry from Mayor MacKenzie as to their taking part in the inaugural ceremonies on September 1. His worship assured them that their assistance would be gladly received. At a meeting on Friday the matter is to come up for consideration at a labor meeting and it is confidently expected that representative body will take part in the celebration.

—The mayor stated to the Bulletin this morning that he did not consider a public meeting necessary in connection with the by-laws to be voted on in August. There were so many by-laws that he thought almost every ratepayer would be interested in the carrying or defeating of some one and would therefore be out to vote upon them all. For this reason he anticipated a large vote upon the by-laws now before the electors.

—Father Jan wishes to thank the citizens who patronized the entertainment last evening in such good numbers, and also begs to express his regrets that the entertainment was not what he had arranged for, also regrets the very great disappointment to the very large audience. The company's agreement was for a first class entertainment, and had he thought for a moment that such was not forthcoming, would not under any circumstances have advertised it as such.
